New York Faux Wood

New York Faux Wood New York is a high quality Timber- Looks product made in Perth. New York is a Polystyrene based Venetian blind. Available in 63mm or 50mm slats in both timber look colors and neutral whites and creams. Internal components are commercial grade quality and Pelmet are 80mm. Both wood grain finish and smooth finish available in certain colors. New York is water proof so perfect for wet areas like bathrooms or kitchens.

Tuscany Faux Wood

Tuscany is the most popular Timber-Look product in Perth. As cost effective option, it is still a quality PVC product and we make it here in Malaga. Available in both 50mm and 63mm slats in a modern range of whites, neutral and grey tones Tuscany faux wood will look good in any home or office. Tuscany can withstand temperatures of up to 55c. The widest width we can make in Tuscany Faux wood is 2700mm and blinds of this size will be heavy. Internal components are commercial grade quality and the pelmets are 80mm. Choose from a smooth finish or a grain wood look finish. Tuscany is water proof so perfect for wet areas.

Why Choose Timber Look Blinds?

Perth made Timber Look blinds are high quality Venetians and come in two price categories. New York is the top quality Faux wood. Tuscany is the more popular cost effective option of Faux wood. Both products are made by Blindware and custom made into blinds in Malaga in our factory at Swan Blinds.
